

## Classes

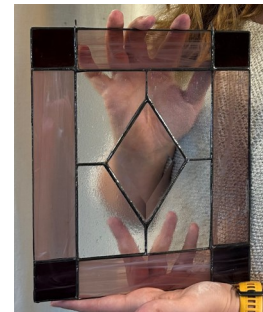

### BEGINNERS STAINED GLASS CLASS –

Seven evening sessions—two hours in length for a total of 14 hrs. With an opportunity of a make-up class should one of the sessions be missed, or to finalize the last project.

**Course Description:** Participants will learn the copper foil method of assembling stained glass items. Three projects, two flat and one three dimensional will be made during the course of seven sessions.

**Project One: Flat window Panel**  
(Cutting straight lines)

**Project Two: Feather Suncatcher**  
(Cutting Curved Lines)

**Project Three: Jewelry Box**

(Creating a three dimensional project

With straight and curved lines - as well as the option to add some ornament [ glass beads / shell / decorative wire, etc.]
